

*Joined conference 2018*

## **MicroFluidics and**

# **Non-Equilibrium Gas Flows**

*28th of February - 2nd of March, Strasbourg, France*

**CONGRESS SPONSORSHIP / EXHIBITION  
OPPORTUNITIES AVAILABLE!**

The aims of these conferences are to advance technological and research opportunities by fostering and increasing cooperation between European and international researchers and by promoting exchange between European universities, non-European universities and industrial companies engaged in these fields.

**μFlu'18** is dedicated to the latest research and technology status dealing with all the applications of miniaturized fluid flows : information, entertainment technology, chemical, medical and biological analytics, Lab-on-a-chip technologies for biological and medical labs, heat transfer equipments, micro mixers and micro reactor devices for chemicals, Aeronautic and automotive industries , Sensors and control mechanisms as well as in-situ analytical systems or chemical process equipment, etc..

The technology is complex, and it needs precise knowledge about the behaviour of fluid flows, heat transfer and processes inside miniaturized vessels, tubes and structures. Electrical and optical access has to be granted to gain information from the microscale applications, or to influence those in a desired way. Thus, the topic opened here, microfluidics, is highly multidisciplinary and in constant and exiting evolution.

**NEGF18** is dedicated to the latest research and technology developments in the field of rarefied and non-equilibrium gas flows. Non-equilibrium gas flows are of great importance and touch a variety of industrial fields, e.g. fluidic microactuators for active control of aerodynamic flows, vacuum generators for extracting biological samples, coating processes (CD/DVD metallization), mass flow and temperature micro-sensors, pressure gauges, leak detection, micro gas analyzers, micro heat-exchangers for cooling of electronic components or for chemical applications.

TO SPONSOR, RETURN YOUR SIGNED APPLICATION TO: [b.biton - @ - shf-hydro.org](mailto:b.biton - @ - shf-hydro.org)

**Give your company special prominence** through this international Congress, with exposure to thousands in the fluid mechanics industry. **Put your company in the spotlight** & choose today which sponsor you wish to be at the conference:

**GOLD SPONSOR**  
**SILVER SPONSOR**  
**BRONZE SPONSOR**  
**FRIENDS**

---

**FRIENDS - 100 EUR TO 800 EUR\***

Recognition at Congress

- **Ad space** on printed conference program and/or website
- **Flyers** displayed on site

---

**BRONZE SPONSOR - 1000 EUR\***

Specials

- 6 m2 Booth

Registrations

- **1 Full Congress Registration** (including Congress Proceedings on USB, welcome & banquet)

Recognition at Congress

- **Ad space** on printed conference program and website

---

**SILVER SPONSOR: 2500 EUR\***

Specials

- Special recognition on **one coffee break** ("*Coffee break sponsored by your company*")
- Access to **meeting rooms** available for booking for your organization and your partners
- 6 m2 Booth

Registrations

- **2 Full Congress Registrations** (including Congress Proceedings on USB, welcome & banquet)

Recognition at Congress

- **Congress handbook** — 1/4 page
- **Ad space** within the printed conference program and website
- Inserts in Registration Bags — Provide us a one page 8 1/2 x 11 or smaller flat printed marketing piece for each registration bag. Paper collateral only

---

**GOLD SPONSOR – from 5 000 EUR\***

Specials

- Special recognition on **one lunch break** ("*Lunch sponsored by your company*")
- 6 m2 Booth

Registrations

- **3 Full Congress Registrations** (including Congress Proceedings on USB, welcome & banquet)
- **One day registrations** available for your employees

Recognition at Congress

- **Ad space** within the printed conference program and website
- **Congress handbook** — 1/2 page of the back inner cover page
- Inserts in Registration Bags — Provide us a one page 8 1/2 x 11 or smaller flat printed marketing piece for each registration bag. Paper collateral only.

\* VAT excluded

## Sponsorship opportunities overview

SPONSORSHIP	FRIENDS	BRONZE	SILVER	GOLD
<b>RECOGNITION AT CONGRESS</b>				
Ad space on printed conference program and website	X	X	X	X
Inserts in Registration Bags — Provide us a one page 8 1/2 x 11 or smaller flat printed marketing piece for each registration bag. Paper collateral only		x	x	x
Display the flyers of your organization		X	X	X
Congress handbook			1/4 page	1/2 page of the back inner cover-page
<b>REGISTRATION</b>				
Full Congress Registration		1	2	3
<b>SPECIALS</b>				
·6 m2 Booth		x	x	x
Special recognition and high visibility			ONE COFFEE BREAK	ONE LUNCH
Meeting room for your organization and your partners		SHARED	SHARED	SHARED

Any specific sponsor requirements may be discussed with ANNA DUPONT.
